

Infratech 2019

– bringing together the best in the field

Infratech exhibition visitors

(Visitor survey 2017):

- Independently make acquisition decisions or participate in such decisions
- Typically work in organisations as officers or in positions of upper or middle management
- Visit the exhibition in order to stay apprised of the latest developments, to create customer contacts and to plan acquisitions
- Primarily represent municipalities or private companies, and come to the exhibition from all over Finland.

Infratech is the largest exhibition and seminar event for the infrastructure sector in Finland. The Infratech 2019 exhibition is expected to attract 5,000 visitors and more than 220 exhibitors.

The exhibition programme includes information sessions, the Most Interesting New Product competition, the Multitalent Experts of Infrastructure Technology competition, and awards for the best stands.

The exhibition is being organised for the 19th time. The following training and seminar events can be attended, for a fee, in connection with the exhibition:

Training days for technicians and supervisors at water supply and sewerage facilities ...	FIWA	Tue–Wed, 14–15 May
INFRA Executive Managers' conference	INFRA	Wed, 15 May
