Use of cookies on the yhdyskuntatekniikka.fi website

Cookies are small text files that are stored by the Internet browser on your device when you visit a certain website. Cookies are used in nearly all online services, and the services will not necessarily work properly without cookies.

Cookies and the use of personal data on the Infratech website
Cookies are used to gather information about the use of the website. They do not store directly identifiable data of users but are statistical in nature. Cookies are not used to identify individuals, and the data is not processed or stored in a manner that would enable the monitoring of any individual user's activities. Website use data are only used by the individual(s) responsibility for the website.

Infratech's website utilises the Google Analytics service to monitor the number of visitors to its website. Information about the privacy controls used by Google Analytics can be found here: https://support.google.com/analytics/answer/9019185?hl=en. Google Analytics' servers can be located outside of the EU or European Economic Area.
